

HAPPY CHRISTMAS HUCKNALL: STREETS OF LIGHT

Christmas Hope (in our windows) from WRBC to the community

Please take part in this project to send Christmas greetings to our community in this creative and fun way.

Here's what you do...

1. Choose a window in your home (to be seen from the pavement)
2. Register your window with Debbie on debbie@wrbc.co.uk (please give your road name so that it can be added for people to visit your street)
3. Create a design that captures something of our Christmas message and includes one of the words: LIGHT, LOVE, HOPE, JOY, PEACE (see the ideas on this sheet – ours will need to be more Christmassy - Christmas cards can be a great inspiration)
4. Decorate your window so it's ready for 'switch on' on Monday 14th December.
5. From 14th to 21st December switch on the light behind your window every evening after dusk until bedtime.
6. Take a photo of your window and send to Debbie debbie@wrbc.co.uk or Lisa lisa@wrbc.co.uk so it can be posted on our Facebook page.
7. Go for a walk and find the windows.

If you're struggling to find resources e.g. black paper, coloured tissue paper – just let us know.
